### 1. What is the Knowledge Panel?

The Knowledge Panel is an online tool giving you fast, organized access to key documents, product visuals, and installation resources — all in one place.

It is built to help you work faster. Without searching through emails or shared folders. Get the files you need in seconds.

#### **Top benefits:**

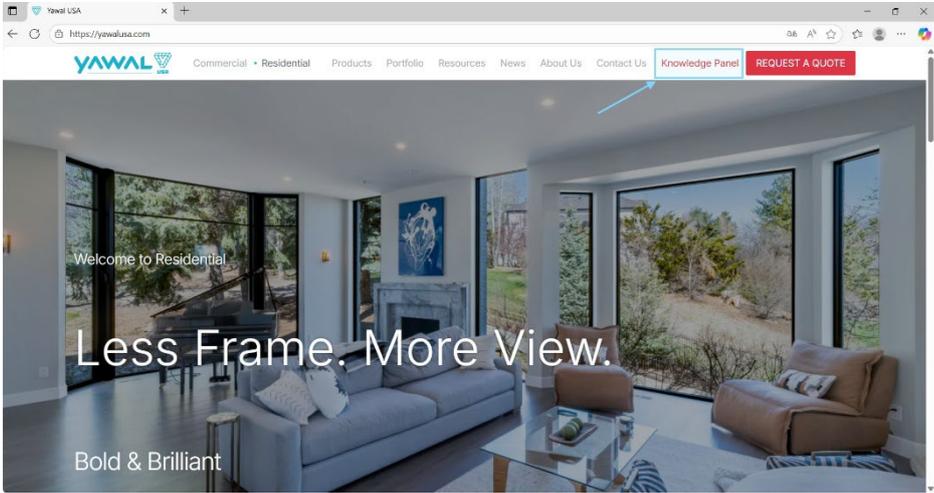

- Always updated
- Easy to use
- 24/7 access

#### **What You'll Find Inside:**

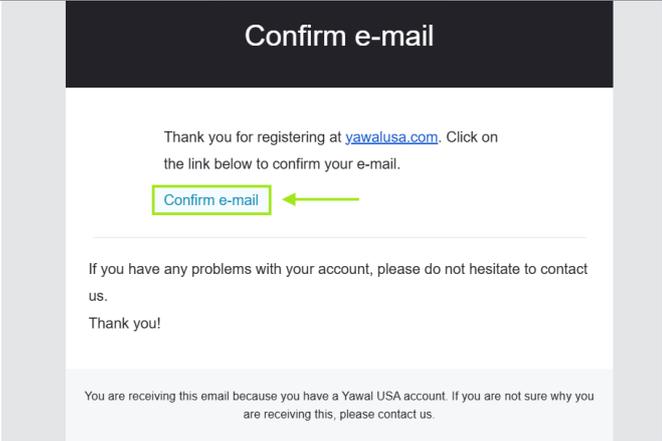

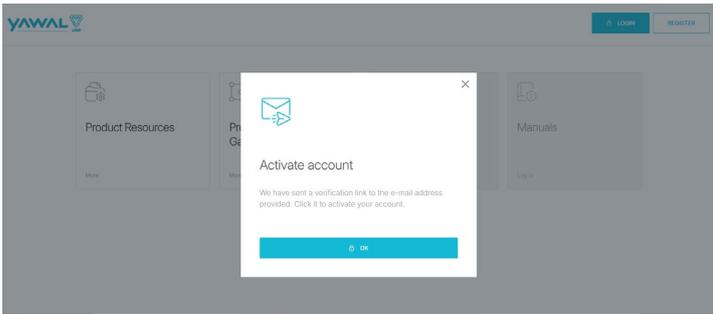

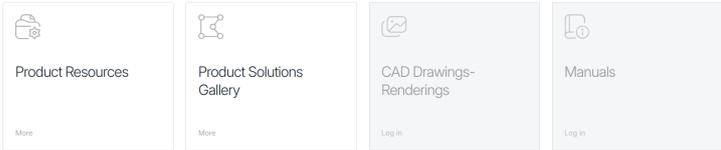

- **Product Resources**  
Brochures, datasheets, and system overviews
- **Solutions Gallery**  
Photos from real-life Yawal projects
- **CAD + Renderings**  
DWG & PDF files for project planning
- **Manuals**  
Install & Maintenance guides

## 2. How to Get Started

Go to [yawalusa.com](https://yawalusa.com) and click on “Knowledge Panel” in the top menu.

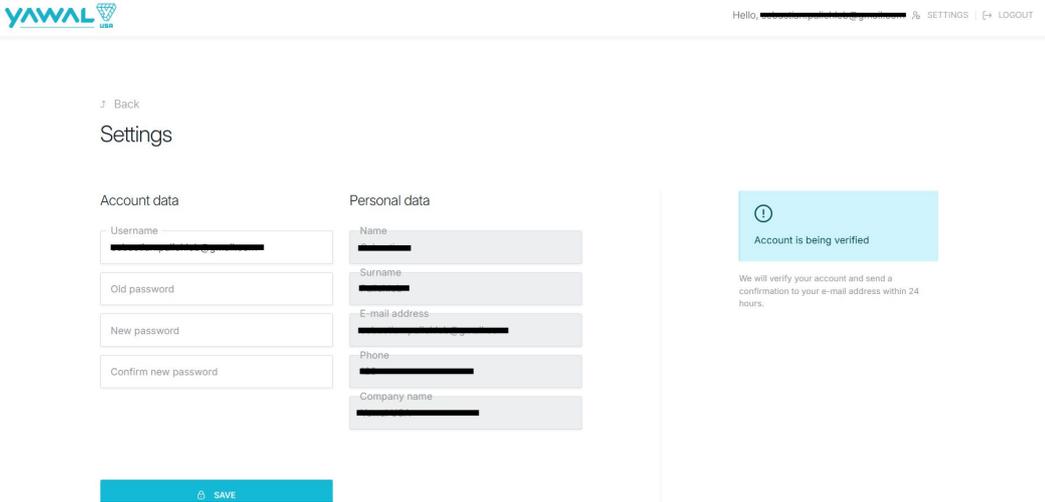

Then register your e-mail and confirm it via activation link if it is your first time here. (you will receive a confirmation link)

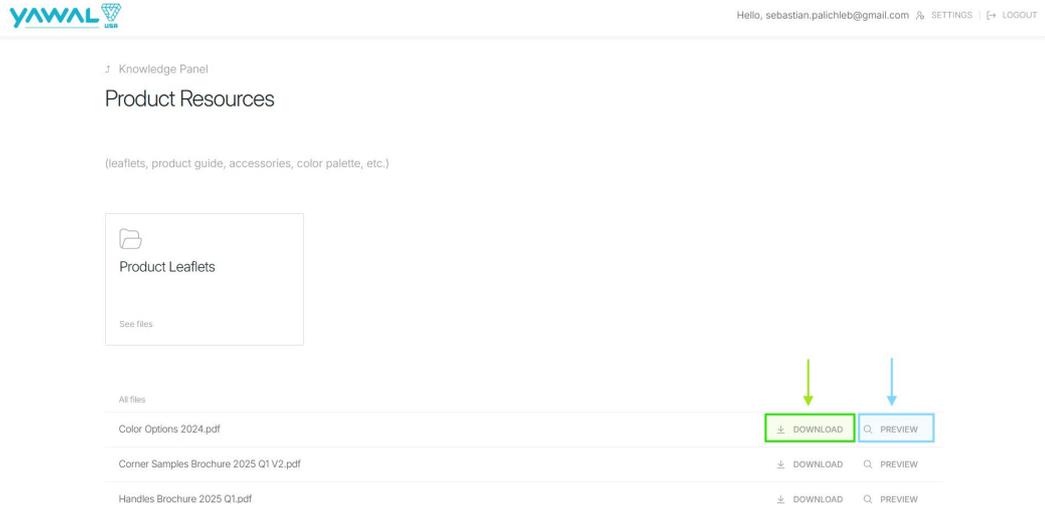

After that, you're in. You only need your email to log in from now on.

If you're already our customer, you can unlock full access by verifying your details in the top right settings menu.

### 3. Downloading Files

It's simple as that: just browse any section, click the option your prefer and done! Try it with any file you wish. Below is the example of the download placement and preview option.

#### 4. FAQ / Need Help?

1. *Do I need an account to access the Knowledge Panel?*

Yes - full access to technical files like CAD drawings and manuals requires a registered user account.

2. *I forgot my password. How can I reset it?*

Click "Forgot Password" on the login screen to reset via email.

3. *Is the Panel mobile-friendly?*

Yes, works well on phones and tablets.

4. *How do I know I'm using the latest documents?*

We update everything regularly, so you will always see the newest version - no need to double-check manually.

5. *Can I share my login with my team?*

We recommend each user have their own account for security and access control. Let us know if you'd like to set up multiple users.

6. *What file formats are available?*

Most resources are provided in PDF and DWG formats, optimized for printing or integration into design software.

7. *I can't find the product I'm working with. What should I do?*

Email us at [estimates@yawalusa.com](mailto:estimates@yawalusa.com) and we'll help right away.

#### 5. Support

Jump into conversation with us when you have any questions:

- Phone: +1-201-753-2195
